

But where are all the venues?

All of SLO's venues are either a 10-15 minute drive from Cal Poly neighborhoods or located downtown.

Meanwhile, the majority of SLO residents live in the neighborhoods adjacent to Cal Poly Campus and Foothill Blvd.

SLO's music venues lack proximity to the majority-student crowds they host.

We need a venue:

- ◇ close to Cal Poly campus
- ◇ hosting local bands
- ◇ complying with noise laws
- ◇ fun for the community

SLO's Music Scene

There are many local bands that play house shows in the neighborhoods of SLO.

There are a limited amount of spots for them at local venues.

Local authorities often shut down house shows for noise ordinance in neighborhoods.

Local bands want a venue to play, and authorities want shows at venues rather than in neighborhoods.

COMING
